Dear Resident/ Parent

SCHOOL EXPANSION - PLANNED CHANGES AT SOUTHCOTE PRIMARY SCHOOL

I write regarding the proposed extensions to the school to provide additional teaching space. As you are aware, following the planning exhibition held at the school in July, a formal planning application was submitted to Reading Borough Council's planning department. At the planning committee held on 12 November 2014 permission was granted to go ahead with the works.

On 26 January Reading Borough Council will be hosting a pre-start exhibition between 3.15-5.45pm at Southcote Primary School.

This will give you the opportunity to view and discuss information on the timescales for construction and site arrangements. The main contractor for this project is Galliford Try (previously known as Miller Construction UK Ltd). The contractor is anticipating formation of the entrance to the new car park week commencing 2 February in order to facilitate deliveries of site accommodation in February half term (week commencing 16 February) via Silchester Road.

Works by a separate contractor to form the new footpath to the swimming pool to the rear of the school will commence 19 January.

I would like to take this opportunity to thank you for your continued support - if you have any further comments, then please feel free to contact me at the above address.

Kind Regards

Myles Milner
