Tuesday 10th April 2018

Dear Parents/Guardians,

'Southcote's Science Spectacular!!
Friday 25th May

This special theme day will give our children the opportunity to enjoy studying a variety of Science based cross-curriculum fun throughout the day. The children will once again be mixed into mixed age groups and through the course of the day, will travel to 3 different science 'labs' within our school to try out fun experiments and learn about the world of Science.

In order for us to best plan for this exciting day, we would be very grateful if you could share any information/contacts you have which would help support us.

For example,

-could you (or a friend) come in to school and share with us your knowledge/experience of a job within Science?

Please note that teachers would fully support you in these sessions.

-Do you know of a company/organisation which would be happy to loan exhibits or scientific equipment to us here?

If you feel you would be able to help with this, please email emma.rawlinson@southcote.reading.sch.uk or complete the slip below and return to school as soon as possible

Thank you,

Mrs E. Rawlinson
Class Teacher

H/Events Science Spectacular May 2018

Name: _____

Name of child: _____ Class: _____

I have an idea for the Science Spectacular!

Please give details:
