Permission to use photographs on the School Website

Dear Parents,

You have previously been asked to give your permission for your child's photograph to be used on the school website. As we continue to develop the school site, teachers and children are keen to share their experiences of life at Southcote through special events, trips, class activities and assemblies. It is an excellent opportunity to show how proud we all are of our school and will allow further opportunities for children to expand their learning and for everyone to have easy access to our news and information.

Our new website www.southcoteprimary.co.uk is freely accessible across the internet and with that in mind:

- Photographs will generally consist of small groups or classes, however, occasionally photographs of individual children may be used in recognition of prize winning or achievement.
- Children's names will never be used.

Example photographs can be accessed by selecting the gallery section of the website, however, if you have any further queries please don't hesitate to contact your child's Class Teacher.

Looking forward, we would like to set up a Facebook page for school as we feel this would be a popular way of sharing news and information with you. This would be a closed and moderated group with appropriate privacy settings in order to safeguard both the children and staff. We would like to be able to include photographs on the Facebook page and once again would not include any names.

Your previous decision relating to photographs is still on record however if you would prefer your child's individual photograph not to be used on the website or proposed Facebook page please ensure you OPT OUT by returning the attached slip at your earliest convenience.

Kind Regards

Lisa Telling
Head Teacher

I do not want my child's individual photograph to be used on the school website or proposed Facebook page.

Child's Name: _____ Class: _____

Signature of Parent/Carer: _____ Date: _____

***Individual slip for each child please.**
