

## Term 3 Homework Project

# Big Cook, Little Cook!

This term our theme is **Big Cook, Little Cook!** We will be learning about where food comes from, what our favourite foods are and why we need to eat healthy foods. We will also have a chance to cook some different foods at school.

As their homework project we would like the children to design a balanced meal on a plate. They can draw the foods or make models to attach to the plate. It would be nice for the children to add some labels.

We ask that the child does as much of the project as possible with maybe a bit of help when needed! We would like to see some of their lovely writing that they have been working on in school including the correct formation and not writing in capital letters. Each child will then be given time to show their project to the class which may involve answering questions about how they made it.

Max size: A4 please.

Date due:

Friday 2<sup>nd</sup> February 2018
