Your homework project will be based around finding a painting of a seascape.

Some suggestions of artists to research are: Hokusai, Cezanne, Monet, Manet, Rebecca Lardner, Gauguin but there are many more for you to find.

Your homework task is to :

Paint or draw your own version of the painting and write a setting description of what you can see in the painting. Include what you might be able to see, hear and feel if you stepped into the painting.

Remember to complete both parts of your project!
