

## Term 3 Homework Project

This term our theme is 'Marvellous Mayans'. We will be travelling back in time, comparing and contrasting Mayan Society to British Society as you know it today. We will study food and drink, the number system, leisure and entertainment. We will also drop in a little Geography identifying the climatic zone in which the Mayans lived!

Your homework task this term is to research and create a 3D model of a Mayan artefact. You need to:

- Research Mayan artefact- it could be something they used for cooking, crafts, hunting or building!  
(<https://www.dkfindout.com/uk/history/mayans/>)
- Choose materials you are going to use
- Explain what the artefact was used for (you will have to do a little writing here!)

You will be awarded a green, silver or gold rating for your project which will reflect the effort put in to your work, the detail included, the accuracy of your research and the overall presentation of your assignment.

If you have any questions about this project or need an assistance with materials, please speak to your class teacher.

Due date: Friday 2<sup>nd</sup> February 2017
