

**English**

See the pdf file on the school's website called '**English Task**' for the English activities.

**Maths**

Go outside and collect different bits of nature. Bring them home and see what shapes you can make out of the bits of nature.

**Maths**

Make up a game for your family to play. Think of a points system and you will be the person to keep score and add up all the points.

**Maths**

Create a colourful poster that explains how to do one of the written methods for the 4 operations (addition, subtraction, division and multiplication)

**Maths**

Do some baking! Carefully weigh out the ingredients using scales.

**Maths**

Make a magical potion. Write down the list of ingredients and how much of each item you need. Weigh and measure carefully!  
You can take some photos of it too!

**P.E**

Plan and carry out your own sports day at home. Get all your family involved and be creative with what equipment you can use. Enjoy the day with a picnic too if you fancy it!

**Art**

Visit this website and try out some of these activities on the website. Do email us any of them that you try! I hope that it will be nice and sunny so you can do all of them outside!  
<https://www.artbarblog.com/40-summer-art-ideas-for-kids/>

**Reading**

Continue to read lots at home! If you would like to do some guided reading, there is some saved on the school's website as '**guided reading task**'

**End of Term fun**

At this point in the year, we would be nearing the end of the year. Here are some fun activities or projects you could be doing at home

- Design a theme park or zoo
- Run your own summer fair stall at home for your neighbours. What could you make to sell? Maybe all the money you make could go to the NHS
- Write cards to your friends and teachers.
- Create a memory wheel of your time in Year 3 (see picture ----- > )
- Create a fun summer fair game for your family to play
- Make your own ice lollies at home
- Have a picnic in the park and help to make the food yourself
- Have a Viking day where you make a Viking ship and have a Viking battle. You could also make a Viking shield and sword too!
